MESSIAH'S MANSION

Travel back over 3,000 years into the desert between Egypt and Palestine where more than two million people banded together to build a tabernacle for their God. Each element inside this sanctuary had deep significance to the Hebrew people and this tour brings each symbol to life. Touring Messiah's Mansion provides a unique opportunity to learn more about ancient history through a living museum. Instead of learning about history from books, participants get a chance to see demonstrations of life long ago. This tour can engage children and adults alike.
